

The **StarTer** screening buckets have been designed to bring on-site screening within the reach of smaller companies and hire firms.

StarTer

Following the success of the Rotastar™ range, we wanted to design a new, no frills range for smaller carriers. With the new design, the customer is able run a high-output screening bucket at a very affordable price, with low running costs.

Technical Specification

	ST1-2	ST2-4
Carrier weight	1.5–2.7 tonnes	2–4 tonnes
Shafts	2	2
Stars	27	47
Bucket capacity	0.08m ³	0.12m ³
Hydraulic requirement	32 litres/min	38 litres/min
Bucket weight	135kg	181kg
Working width	580mm	970mm
Overall width	760mm	1160mm

- Suitable for small carriers.
- Lightweight, easily transportable.
- Affordable and economic.
